GLADHAVEN GARDENS

George G. Fowler, Prop.

North Main Street

1938

Franklin, N. H.

EARLY ORDERS PAY. PLEASE READ CAREFULLY

I do not run bargain sales later in the season. The prices given here are for the entire spring season of 1938. They are as low as good bulbs can be sold for. Many do not consider that much hand labor is required in the growing of Gladiolus Bulbs. They are planted by hand, dug by hand, tops cut off by hand, later cleaned and inspected by hand and later must be packed by hand for shipping. Many have started growing gladiolus Bulbs and have tried selling them for less than cost of production. They are doing something else now. Early orders get the pick of my stock, late orders I may not be able to fill at all. This is a disappointment to both of us.

SIZE OF BULBS

Large size bulbs are $1\frac{1}{4}$ inches or over in diameter.

Medium Size bulbs are from $\frac{3}{4}$ of an inch up to $1\frac{1}{4}$ inch in diameter.

Either size should make a satisfactory bloom. The larger size generally blooms earlier with a little larger spike.

GUARANTEE

No grower can guarantee that every bulb he sells will bloom. I had a lot of nice large healthy bulbs that did not bloom last summer. I have heard from others that they had the same trouble (their bulbs were not grown by me). I lay it to the dry weather. I do guarantee that every bulb I send to you will be true to name, healthy and up to size.

WHY GROW GLADIOLUS?

Do you like beautiful flowers? Probably some of your "shut in" friends do too. Perhaps you have a sick friend. What is nicer for a cut flower than the long keeping Gladiolus Bloom. In the sick room, for table or general house decoration, there is a color and shade for every occasion, that is unequaled by any other flower.

Full Cultural Instructions with every order.

THRIPS

Do not let these tiny insect pests deprive you of the pleasure of growing glads. I have never had to spray for them in my garden. I do not let them get started. My Cultural Directions tell you how to keep them out of your garden. You will not get thrips from the bulbs you buy from me. Don't throw away your bulbs because you had Thrips last year.

TERMS

My terms are cash with order. Every order postpaid in U. S. if it totals \$1 or more. Postage and packing on small orders under \$1 will be 10c extra. If you send too much money or I am unable to fill your order the amount due you will be returned promptly. Six bulbs will be sold at the dozen rate. 25% cash will hold your order to April 1 at which time it will be shipped C. O. D. for the balance unless you remit in full before. Please do not have small orders sent C. O. D. as the extra cost does not pay you. State in your order the date you want your bulbs shipped. Order early and have them shipped when you want them. Do not wait until you are ready to plant as it may be too late. My references—The Franklin National Bank, The Franklin Chamber of Commerce.

Mistakes will sometimes happen. Please do not call me bad names before giving me a chance to rectify them. All orders acknowledged by card when received unless shipment will be made within 48 hours. In cold weather I plan to ship when temperature will permit. This price list cancels all previous lists and is subject to stock being unsold when order is received.

GROUP NO. 1

Large bulbs, 40c per dozen, 25 bulbs for 60c or 10 bulbs for \$2.00. Medium size bulbs, 25c per dozen, 25 for 40c or 100 bulbs for \$1.00. Three bulbs at the dozen rate separately bagged and labeled. Above prices are for quantities of one variety packed separately and labeled as to name. If you want them assorted of several varieties in one bag unlabeled, the price is the same as for same number of one variety.

Albania, pure florists' white, medium size only.

Annie Laurie, delicate early cream pink.

Bengal Tiger, large mottled red.

Bobby, large deep rose, deeper blotch.

Cardinal Prince, tall cardinal red, good for cutting.

Charles Fairbanks, good low-priced red for cutting.

Copper Bronze, artistic mottled bronze.

Crimson Glow, large flowered rose crimson.

Cherry King, bright cherry red.

Chalice Flower, large ruffled creamy white.

Carmen Sylvia, good low price white for cutting.

Ethelyn, tall spikes of apricot-orange. Artistic cut flower.

Elf, lemon buds opening creamy white.

Flaming Vale, flaming spikes of deep red.

Fontaine, ruffled peaches and cream. Medium size only.

Frosty, tall crushed strawberry frosted with silver.

Gertrude Errey, creamy shell pink.

Gloriosa, blended pink, yellow and cream.

Kunderd's Yellow Wonder, early pale yellow.

Kunderd's Yellow Favorite, early soft old gold, throat spotted with brown dots.

Los Angeles, tall medium size pink. Makes several spikes from one bulb.

Marnia, tall orange yellow. Good cut.

IF YOU ARE NO LONGER INTERESTED IN GROWING FLOWERS WILL YOU KINDLY HAND THIS LIST TO A FRIEND WHO IS A FLOWER GROWER. THANK YOU.

GROUP NO. 1 (continued)

Marshal Foch, large beautiful salmon pink. Late, plant early.
Mrs. L. S. Schweppe, medium size peach pink, darker throat. Very pretty.
Mrs. Leon Douglas, large begonia rose.
Pride of Wanaka, tall rose-lavender, large flowered.
Sunnymede, light orange, darker blotch.
Souvenir, early yellow for cutting.

D. & D.

(Death and Destruction)

Improved Rotenone Blight and Insect Powder.

After using this powder for the past two seasons, I am offering it to my customers. It is a non-poisonous three-way compound, insecticide, Fungicide and Fertilizer. Will not harm the most delicate plant. Is not harmful to human beings or animals. I have found it particularly effective in controlling all varieties of eating and sucking insects. It has also been a definite check to mildew and blight on Phlox, Roses, Delphiniums and other plants subject to mildew and fungus diseases. I have used it in the control of black squash bugs, but must be applied daily to be effective. Should be applied liberally in all cases of insects and as a blight preventative should be dusted on the plants before the blight starts. I believe this is the best all-round garden dusting powder offered by anyone. Prices are as follows at the Gardens: 1 pound 25c, 5 pounds for \$1. If ordered by mail add postage for your postal zone. Will mail prepaid to 3rd zone with bulb orders amounting to \$2 or more.

GLADHAVEN GARDENS

Franklin,

N. H.

Kilima, straight spike of creamy white.
Kirchoff's Violet, deep smoky violet blue.
Margaret Fulton, beautiful clear rose-salmon. Extra cut.
Mary Jane, silver lavender pink.
Minuet, fine large lavender.
Loyalty, tall rank growing yellow.
Mammoth White, large flowered pure white.
Morocco, large dark red.
Mother Machree, smoky lavender tinged salmon.
Miss Greeley, an early W. H. Phipps.
Mildred Louise, large strawberry pink.
Orange Wonder, large clear orange. Late.
Pelegrina, very dark blue. Early.
Pirate, tall spike of deep purplish rose red.
Pearl of California, large plume of light pink.
Pride of Portland, begonia rose, white throat.
Persia, dark maroon nearly black.
Picardy, the popular pink for cutting.
Pinnacle, tall rose-pink, well placed florets.
Prince of India, mottled old rose. Odd.

Purple Queen, dark rich violet purple.
Red Lory, fine large spike of crimson red, purplish blotch.
Red Roy, fine tall red, stands heat.
Richard Diener, geranium pink, yellowish throat.
Ruth Huntington, tall ruffled orchid pink, violet throat.
Red Phipps, light red, similar to W. H. Phipps in growth.
Ruffled Gold, fine ruffled yellow.
Salbach's Pink, large orchid pink.
Seminole, beautiful large orange with red marks. Unusual flower.
Sovereign, dark velvety blue.
Splendorra, fine dark wine red.
Sweet Rose, pretty rose pink.
Sword of Mahomet, imposing tall smoky violet-red.
Toberson, extra good yellow.
Troubadour, fine clear purple.
Vedette, tall geranium pink, darker throat.
Veilchenblau, large dark violet blue.
Wurtembergia, large light red, creamy throat.

Star of Bethlehem, immense snow white. Large, 20c. Medium, 10c each. Bulblets, 10 for 15c.
St. Bruno, something different in a red-smoky. Large, 15c each. Medium, 10c each.
Superwhite, the best large pure white I have seen. Small bulbs, 10c each, \$1 per doz. Should bloom this season.

OUR NEW ORIGATION

JENNIE JONES

I have been working on this splendid new glad nearly 10 years and am offering it to glad fans for the first time this year.

This glad has a good spike of very light reddish-pink florets with perfect placement. The throat is just a little lighter, making it extra fine for florists' use. Withstands hot sun much better than most varieties. Spike does not crook. A little larger than medium size, just right for cutting. Supply is limited and not over two bulbs will be sold to any one person this year. The price is \$1 a bulb for any size you may select, large, medium or small. Bulblets, 10c each, or \$1 per dozen.

SPECIAL GLADHAVEN ASSORTMENT

As usual I am offering an extra choice assortment of Gladiolus Bulbs comprising many kinds in one grand collection. For more than 15 years my customers have been surprised and pleased with the splendid glads grown from my special Gladhaven Assortment. Every year I add many new and different varieties. Some bloom in 65 days, some in 75, some in 90 and a very few will take 110 days after planting to reach the blooming period, consequently this assortment should be planted early in May. When planted early in May this assortment will give you flowers from the middle of July to frost. All colors are represented in this great collection. Prices lower than last year. There is no profit in selling this assortment, I charge it to advertising to build up new business. They must please you or I lose. Large bulbs, 30c per doz, 50 bulbs for \$1, 100 bulbs for \$1.80. Medium bulbs, 15c per doz, 50 bulbs for 50c, 100 bulbs for 90c. Assorted bulblets, 10c for generous lot. All Post-Paid.

REGAL LILY

This beautiful fragrant lily should be grown by everyone having a small plot of soil. One of the easiest to take care of, in fact it will take care of itself if given fairly good soil and a slightly sheltered location. Bulbs planted in April will bloom the following July, the larger the bulb the more blossoms. Grows about four feet high and forms a clump that increases in size each year. Perfectly hardy here in central New Hampshire. Was found growing wild in the cold barren districts of China a number of years ago. White trumpet shaped blossoms about 6 inches long with the outside shaded lavender. Very sweet scented.

Small bulbs to bloom in 1939, 25c per doz, \$1.25 per 100. 1 1/4 inch bulbs to bloom this year, 8c each, 4 for 25c, 60c per doz. Seed packets of 100 seed only 10c. 3 inch bulbs, 25c each, \$2.50 per doz.

Do not plant later than May first, as they must have time to make a good growth before blooming.

CHOICE DAHLIA ASSORTMENT

In order to reduce my stock of dahlia tubers and give my customers a good trade, I am only putting up an assortment this year. There are many kinds in this assortment that are worth much more than these prices, but I am putting them into it without labeling, all at one price. 1 Tuber for 15c, six for 70c, \$1.25 per doz. Postpaid.

TIGRIDIAS

These are wonderful bulbs for bedding making a gorgeous display of color from last of July till frost. Sometimes called the Tiger Flower or Mexican Shell Flower. Wide open blossoms of red, orange and yellow covered with small reddish spots. Plant about the same as you would glads, dig in the fall before freezing and store in a dry cool cellar away from mice as they are nice eating. I prefer to plant in beds like tulips about 4 inches deep. Not adapted for cutting. Assorted colors only. Prices, 12c each, six for 70c, 1 doz for \$1.25. Postpaid.

All orders of \$1 and over are shipped prepaid. Add 10c for postage and packing on orders for less than \$1.

TENUIFOLIUM LILY

The Lovely Coral Lily of Siberia

This splendid hardy lily with its hanging coral red bells makes one of the best rock garden subjects known. Grows about 18 to 24 inches high. Plant early in the spring. Large blooming bulbs are only 25c each, 3 for 60c, one dozen for \$2, postpaid. May be shipped with other bulbs. Plant 5 or 6 inches deep in well drained soil. Blooms in June and July.

BAPTISIA, AUSTRALIS

This beautiful very hardy perennial grows about 2 to 3 feet tall and if given room becomes very bushy. The blossoms are dark blue similar to Lupines. My seed were selected from a very large plant. The foliage is very attractive and is fine for cutting as well as the flowers. Very easy to grow. Seed 10c for generous quantity. Blooms in June.
